

## Attestation of mutual recognition agreement

GMP+ International manages the GMP+ Feed Certification scheme (GMP+ FC), with the following modules: the GMP+ Feed Safety Assurance module (GMP+ FSA) with GMP+ standards for companies in the feed value chain as well as the GMP+ Feed responsibility Assurance module with standards for non-GMO feed and for production and trade of responsible feed.

OQUALIM manages the Référentiel de Certification de la Nutrition Animale (RCNA) OQUALIM scheme with a RCNA International standard for a feed safety certification, the Socle Technique "Nourri Sans OGM" (STNO) standard for non-GMO feeding according to EU regulations and the "Soja Durable en Nutrition Animale" (SDNA) standard for the production and trade of animal feeds meeting sustainable soy specifications.

The GMP+ FSA standards of GMP+ International and the modules of the RCNA International standard of OQUALIM as exchangeable for the following scopes:

- Production and placing on the market of compound feed, mineral feed, liquid feed, milk replacers and/or premixtures.
- Processing of feed materials.
- Distribution\* of compound feeds, mineral feeds, liquid feeds, milk replacers and/or premixtures.
- Distribution of feed materials or additives for animal feed.
- Trade in animal feed (as an additional scope to production or distribution with notion of group of companies).

This agreement is valid from 01/01/2024 until 31/12/2024.

Rijswijk,

Paris,

On behalf of GMP+ International B.V

On behalf of OQUALIM
